

PREPAREDNESS PLAN FOR OPENING

May 13, 2020

*All employees will have their temperature taken before each shift, if temperature is over 100.4 they will be sent home. If employees show any symptoms during their shift they will be removed from public area and isolated until able to be sent home

*Reservations must be taken please call ahead @218-568-9881

*Decreased our sitting capacity by half, we have our tables and chairs 6 feet apart from each other and only allowing 4 chairs at each table, we have a our bar stools 6 feet apart from each other.

*Removed all condiments from tables & are using individual servings

*All employees are using gloves when delivering food & retrieving empty plates

*We use clean glass/plastic for every new drink

*We are using Bev napkins instead of coasters for drinks

*All menus are being put into a basket for sanitation after every use

*Sanitizing all tables, bar tops, chairs, door handles/knobs with sanitation spray & paper towels

*Hand sink behind bar for hand washing

*Hand sanitizer is located behind bar for employees

*Hand sanitizer is available customers to use

*All employees will be required to wear face mask face

*All bathrooms are cleaned daily & sanitizing spray available for cleaning though out the day

*Signs will be posted throughout premises (social distancing, cover your cough etc)

*Have provided written information to all staff for proper reopening guidance

*Our staff will be communicating on a daily basis on how we are progressing through each day and how we can change things as needed

*Hand washing signs will be posted in restrooms with proper instructions on hand washing
